Students at Merewether High School have the opportunity to be involved in this online tutorial support program in Mathematics. The school has negotiated a heavily discounted cost for this online support. The cost for MHS students in 2012 will be $5 per student payable to the administration office at the school. Upon receipt of the $5, students will be issued with a **User Name** and **Password** to enable online access. Involvement in this program is voluntary. Any questions relating to operation of this program can be directed to Mr Singh or Mr Muddle on 02 4969 3855.

**Details of the program as supplied by the operators**

Maths Online guides you through maths, lesson by lesson, allowing you to pause, rewind and repeat all or part of any lesson until you fully understand it.

- Gives you the freedom to study without stress at home in your own time
- You can learn maths at your own pace
- It is proven to raise grades fast
- Catch up on lessons missed or concepts you don't fully understand
- You can preview lessons at home before you see them at school
- Gain understanding and confidence especially in areas where you struggled before
- Complete worksheets and interactive questions to test your understanding
- All your results are recorded so that your progress can easily be seen
- Above all, this really does work!

Because maths concepts build upon each other, sometimes it's necessary to go back and revise a particular concept before moving on to a new topic. You can do this now because you've got unlimited access to the entire Year 7 to Year 12 Extension 1 program curriculum. So it doesn't matter what grade you're in, you can get help with any of the lessons. Go back if you need to. Or you can even look ahead if you want.

**It is your 24 Hour Personal Maths Tutor**

With Maths Online, students are gaining access to their own personal maths tutor in the home day or night. Maths Online uses a combination of effective graphics and animation synchronised with the voice of a friendly teacher together with practical assessment. This three pronged attack makes learning so much easier and more effective.

Please pay $5.00 to the school cashier – Maths Online – Web based Support
